2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the academic year:

In accordance with the directives of National Assessment and Accreditation Council (NAAC), the Internal Quality Assurance Cell (IQAC) of Dr. Virambhai Rajabhai Godhaniya College of Arts, Commerce, Home-Science and Information Technology for Girls endeavoured to examine the progress and achievements of all the undertakings of the institute in an effort to guarantee the accountability regarding its own quality and integrity to all its stakeholders i.e. students, parents, faculties, prospective employers, funding agencies and the community at large.

The IQAC has also attempted to streamline procedures in order to ensure the following: timely, efficient and effective performance of academic, administrative and financial undertakings, application and quality of academic programmes, enhancing the quality of human resources by integrating values oriented with modern methods of teaching and credibility of evaluation procedures.

❖ **Plan of action for the year 2014-15**

- To continue Career Oriented Programmes like Translation-Proficiency, Women's Rights, Vedic Mathematics and Food and Nutrition Course.

- To continue with offering the SCOPE (English Proficiency) module to all the first year students.
- To continue with incorporating ICT methodology in the teaching plan of every subject teacher.
- To continue with the short term courses like Personality Development and Positive Thinking, Sanskrit & Hindi Grammar, Rural Development, Basic, Advanced and Web designing Computer Courses, Environmental Studies, Applied Commerce and so on for the benefit of the students.
- To continue with the publication of research journal 'KHOJ', the newsletter 'JYOTIRGAMAYA' and the campus magazine 'SANGATH'.
- To continue with the career related competitive classes under the "Career Counselling and Development Centre" and make efforts to provide placement through campus interviews.
- To continue with district-level collaboration with the NGOs of the district.
- To enrich the departmental libraries.
- To make efforts at raising the health and hygiene levels of the students through health care and health education sessions.

The targets for achieving the goals are in tune with the objectives and strategies planned:

- Dr. Virambhai Rajabhai Godhaniya College of Arts, Commerce, Home-Science and Information Technology for Girls was established in the rural setting of Porbandar which happens to be one of the most remote and backward areas of the state. Most of the students coming from the surrounding villages don't have educational environment either at home or in their community. Basic Communicative English and knowledge of computers are the prime need and demand of the time. Keeping this fact in mind, the institute has made it mandatory to offer SCOPE module since 2012 for all the first-year students of all disciplines. (Arts, Commerce & Home Science) In addition, the college has a new Digital English Language Laboratory (DELL-2) to deal with the ever increasing demand. We are proud to admit that we have been conducting **S.C.O.P.E.** exams for the entire Porbandar district. During the previous academic year we conducted examination for approximately 1670 students.
- Furthermore, to strengthen Basic Communicative English, a U.G.C. recognized and granted course in *Translation-Proficiency* has also been initiated. We received an overwhelming response from the students. Nearly 485 students took the benefit and got Certificate, Diploma and Advanced Diploma in Translation-Proficiency Course during the year 2014-15. Moreover around 100 commerce students took the benefit of *Vedik Ganit* Course and 190 students took the benefit of Socio-Commerce Course as well. In addition we have continued with the **English Proficiency Course** for all the professors of the institution. In this course all the faculties are taught communicative and academic English by Prof. Rushi Pandya on every Monday and Miss Jalpa Mehta and Sonal Pandav in DELL during the non-academic period.
- Most of the girls from the rural areas of Saurashtra region are illiterate and uneducated. They suffer from mal-nutrition. Hence, with a view to educating the female students about the importance and nutritive values of food, the institute had been running a Certificate Course of two months' duration since 2009-10. However, in March 2012, Home Science Dept. of the College initiated a U.G.C. approved and granted Career Oriented Programme in *Food & Nutrition*. In the academic year 2014-15, 62 students were enrolled for the Certificate Course and 40 students were enrolled for Diploma and Advanced Diploma.

- In addition to the two aforementioned Career Oriented Programmes, various short term courses like Personality Development and Positive Thinking, Basic & Advanced Computers, Environmental Studies, Human Rights Education, initiated in the year 2007-08, have continued.
- Our institution has excelled in all the aspects of education and student development and the same has been echoed in the A.A.A. (Academic Administrative Audit) ratings obtained by our institution during the previous academic year. The institution scored 895 out of 1000 achieving 5<sup>th</sup> rank in the Gujarat State. We are extremely proud to announce that we ranked first among 11 colleges of Porbandar district. In addition, our institution has applied for A.A.A.-G. (Academic Administrative Audit-Gujarat) evaluation during this academic year.
- The 21<sup>st</sup> century is the century of Information Technology. To keep pace with the changing scenario of the globe in teaching, we must incorporate novel, innovative methodologies and techniques of teaching. Dr. V. R. Godhaniya College has always remained first in the district to implement anything positive and new. All the departments have been given full freedom and are encouraged to be proactive and innovative in improving upon methods of teaching. To incorporate ICT methodology, apart from the old lecture method, the institute has provided the faculties, particularly, Heads of the Depts. with Laptop facility. Moreover, the Management has installed multi-media facility in almost every classroom. The teachers as and when necessary, make use of the ICT methodology in their concerned subjects. Thus, the faculties make optimum use of multi-media facility.
- Dr. V. R. Godhaniya College has also established Career Counselling and Placement Centre since Feb, 2011 which has been running successfully since its inception. The young, energetic full time officer Mr. Kapil Lakhani frequently organizes competitive examination classes, career related training programmes and guest lectures and thereby provides useful information and guidance to the final year students. For example, with the help of Navjivan Education & Charitable Trust, we had successfully completed one day Self-Employment Training programme for 152 girls. This training was provided by Women & Child Development Dept., Gandhinagar.
- In the year 2014-'15, our focus was on collaborating with various NGOs of Porbandar district. Dept. of Economics tied up with Saheli Gramya Vikas Sansthan Trust, Bagvadar. Various departments arranged visits to Saheli Trust and in turn, we at Godhaniya College arranged exhibitions of various items made by the women-members of *Saheli*. This taught our students the lessons of economic independence and self-reliance. If they are economically independent, they can live life with self-respect. A guest lecture of Ms. Neeta Vora, President, Saheli Trust was organized on 23-10-2014. Through our collaboration with NGOs such as Rotary Club, Ram Krishna Mission etc. our students were exposed to the outside world. They got an opportunity to take part in various competitions (quiz, elocution, essay writing, debate) organized by such institutions and proved their excellence. This year, two of our students went to Vadodra to take part in the Essay competition organized by Ram Krishna Mission. We have also been collaborating with the **Youth Red-Cross Society** since Feb, 2011.
- The C.C.D. Centre organised an expert lecture of Tomar Sir and his team who guided our students extensively about various competitive exams like U.P.S.C. and G.P.S.C. Furthermore the management decided to organise special classes for the students of the institution and for that purpose C.C.D. Centre organised an objective test for the interested students. More than 997 students participated in it and the students who cleared the test have been interviewed by the experts. **This academic**

**year the selected students have been extensively trained by the experts from Vishwas Academy, Ahmedabad.**

- We are now all set to take a step further and initiate Master's programmes in Commerce (English Medium). Applications for new PG programmes in Economics, Sociology, Hindi, Sanskrit, Gujarati, Home Science, Social Work, M.B.A., M.C.A. and M.S.W. as well as B.A. in Psychology are in the pipeline.
- The Rishies in ancient India and our ancestors believed in "Health is our real wealth." It is true that a sound mind resides in a sound body. The Management at Godhaniya College is always keen to implement whatever is good and beneficial and in the interest of the student community at large. With a view to making our students aware about the importance of health and hygiene, the college has also established a Primary Health Centre in the college premises itself. A fulltime medical practitioner has been appointed to take care of the students' health. Free medical consultation and medicinal facilities are provided to all our students including hostel residents and required staff members as well. In case of any serious medical emergency, students are referred to the nearest place for specialist's opinion and further treatment.

### **7. Innovations and Best Practices**

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- ✓ Launched the Career Training Centre for students past and present (11.02.2014)
- ✓ Guidance Seminar was held for GPSC, UPSC ,other jobs opportunities. Prof. R.Tomar was the expert from Vishwas Academy Ahmedabad; 125 students attended the seminar.
- ✓ Under the *Saptadhara* initiative of *Swarnim Gujarat*, every-day for an hour the students are trained as per their choice in various skills ranging from dramatics, speaking, reading listening & writing skills, community service, fine arts, creative writing, music and sports. Thus, the students are provided with a very good platform for their multifaceted development. The institute thus tried its best for the all-round development of students, which is one of the major goals of the institute.
- ✓ A new initiative has also been taken-up by the institution in the form of **English Proficiency Course** for all the professors of the institution. In this course all the faculties are taught communicative and academic English by Prof. Rushi Pandya on every Monday.

### 7.3 Give two Best Practices of the institution (*Annexure 2*)

- ✓ Arrangement of Student Development programme every year. (A Three-day workshop was arranged for C.R. and mentors. Prof. Pushpaben Joshi was the expert. The Subjects of SDP were Management; Leadership; Interview Techniques; 69 students participated.
- ✓ Regular participation in Sports activities at the University & State level. This year Our students won a total prize amount Rs.5,95,000/- by taking part in various competitions in **Khel Mahakumbh** organized by Government of Gujarat.

A best practice is understood as a technique or methodology that, through experience and research, has proven to reliably lead to a desired result. It is a process, activity, incentive, or reward that is believed to be more effective at delivering a particular outcome than any other technique, method, process, etc. when applied to a particular condition or circumstance. A given best practice is only applicable to particular condition or circumstance and may have to be modified or adapted for similar circumstances. In this backdrop the following healthy practices that have been in existence in this institute have got to be appreciated bearing in mind the unique leadership, philosophy, and ambience that are so special to this institute:

#### **a. Best Practices in Curricular Aspects:**

- The Institute possesses dynamic organizational culture, system and practices which lends scope for continuous 360 degree feedback from all stakeholders for up-gradation of curriculum and syllabus in a systematic way in accordance with the changing needs of the different stakeholders of education.
- The Inter-disciplinary programme of Basic Computers, Food and Nutrition, Translation Proficiency and other courses introduced provide a suitable example allowing the required flexibility among the various disciplines.

#### **b. Best Practices in Teaching-Learning and Evaluation:**

- The Institute starts functioning from Day 1 without losing even a single day on account of administrative issues and causes. Successful implementation of Semester system with maximum contact hours of teaching and examinations on fixed time-schedules without any postponement or preponement of examination schedules.
- Engaging all available sessions by the faculty and attendance of all the students (barring those who are sick or indisposed) sincerely and in a dedicated manner without any disciplinary violations and participating proactively in the proceedings of the class.
- Availability of Visiting professors/guest-faculty who provide valuable inputs in different courses.
- Adoption of the latest teaching aids: LCD projectors for power-point presentations, computers and internet in regular classes in the teaching of various courses.
- Utilizing the orientation programme conducted for new students to identify their tastes and preferences, strengths and weaknesses, and efficiencies in order to provide remedial measures to make-up the gaps identified and also utilize the strengths in an appropriate manner.
- Streamlined continuous internal evaluation comprising assignments, MCQ tests, seminar write-up and oral presentations, which not only helps students to prepare incrementally for the end-semester examination but also faculty to assess how much their students have assimilated the inputs which they have provided in their respective courses.

#### **c. Best Practice in the Development of Infrastructure and Learning Resources:**

- Just as mother earth has enough resources to satisfy the basic needs of all beings in the creation but not the greed of even one human being – likewise the institute also has sufficient resources to satisfy the legitimate needs of faculty, support staff and students.
- To upgrade the infrastructure of the college by setting up a new multipurpose stadium for sports and extracurricular activities, renovating the common room as well as central hall and initiating second division of B.Com. (Gujarati Medium).
- Infrastructural facilities are revered as aids of the system by everybody in the institute and are used very judiciously with great care and devotion.
- Teaching aids do facilitate effective teaching as well as learning, and all the required facilities like LCD projectors, Computers etc., are available, but the most important thing is that that they are not substitutes for committed teachers but only aids that help effective teachers and sincere students in effective teaching and learning.
- The institute has prepared an Indoor Theatre (Muni Bharat Rang-Manch) to give the students an appropriate forum to display their talents.
- Library is one of the finely equipped libraries comparable to the best in and around Porbandar. Wall-to-wall cupboards have been prepared to judiciously utilize the available space in the Library.

**d. Best Practice in Student Support and Progression:**

- The institute provides good quality education to the students without any discrimination in any form. Be it academic inputs in the curriculum, or stay in the hostel, or the playground. Everywhere good facilities are provided to ensure that learning takes place in the mentoring sessions besides group counselling in the Student Development Programme.
- It should be mentioned that on an average 97% of the students who take the final examinations clear the examination successfully, many of them secure high percentages.
- Alumni Association of women students of the Institute play a very important role. Sincere efforts are being made to bring together the alumni and involve them in the growth and development of the Institute. It should be mentioned here that 60% of the students come from the rural areas and that is how they have proved instrumental for the institution for reaching out to the rural areas, wherein very few females are educated. Their efforts along with our guidance have been helping a lot in convincing and enrolling new students.
- The Placement Centre and the Health centre are two unique features established by the Trust to support the students. Thousands of students have been the beneficiaries so far.

**e. Best Practices in Governance and Leadership:**

- It is very special to have somebody of the stature of Dr. Virambhai R. Godhaniya and Shri Arjunbhai Modhwadiya as the President and Managing Trustee respectively of the Shri Maldevji Odedra Smarak Trust. Their very presence makes a great deal of difference. As such students, teachers and administrative staff etc. all who are familiar with their singular Vision and Mission of educational development of this region know that it is their commitment and dedication that keeps everybody on their toes. In fact, the entire College Management understands the essential need of the region and therefore all decisions are made keeping the needs of Porbandar in mind.

7.4 Contribution to environmental awareness / protection

- |   |
|---|
| <ul style="list-style-type: none"><li>✓ Regular arrangement of Expert Lectures</li><li>✓ Course in Environmental Sciences is mandatory for the FY students.</li></ul> |

## Activities conducted by CCPC

Sr. No.	Details
1	In this year, we have informed the students about the recruitment of NICL, Fisheries Department, GSET, IBPS, Gujarat Sub Ordinate Courts, GSSSB, TET, SSC, INDIAN NAVY, SPORTS AUTHORITY, RAILWAYS BOARD, NICL, and many more. Comparatively, it is more than the last year.
2	We have also made the advertisement of UGC-NET and GSET examinations. Many teachers of our school staff took benefit from it.
3	With the guidance of Gita Madam, we have also taken an exam of the three chapters of Srimad Bhagvad Gita with the help of an international spiritual organization. We have also provided international level certificates to all the successful candidates.
4	In this year, we have introduced many scholarships plans to the students announced by Government or any NGO which are as follow : <ul style="list-style-type: none"> <li>➔ Chief Minister KanyaKelavani Scholarships</li> <li>➔ Scholarship scheme for PH</li> <li>➔ Scholarships announced by IOC.</li> <li>➔ Scholarships announced by LIC.</li> </ul> And many more
5	We have also maintained the list of walk-ins. It means we have successfully helped the students' inquiries and also assisted them in form-fillings, downloading, uploading, printings, error finding and its solution, data collecting, and much more. By the next slide of the record list, we can see that students are getting aware of our CCP centre gradually.

6	We are having almost all the competitive exams' material or previous papers to guide our students in the right way. We have the full lists from where these types of reliable materials can be downloaded.
7	<p>We have kept the record of our walk-ins also which provides the information what are the queries of students and we have accomplished it or not and reference number if any.</p> <ul style="list-style-type: none"> <li>• The figure of walk-ins:</li> </ul> <p>→ Year 2012-13 - 269</p> <p>→ Year 2013-14 - 317</p> <p>→ Year 2014-15 - 1942</p>
8	We have also provided the students with the authenticated answer sheets for the competitive examinations exactly after 24 hours of completing their exams. Through this practice they can easily rectify their mistakes and not repeat it in the next exams.
9	With the guidelines from Collector office, we have also actively taken part in facilitating the students to apply for their election card online. By this, the students got ease from going to the concerned office and waiting in the queues.
10	<p>The number of female students whom we have assisted in fetching the employment:</p> <p>Year 2012-13 - 16</p> <p>Year 2012-13 - 23</p> <p>Year 2012-13 - 49</p>
11	<p>This year, we have also arranged a campus interview of Atul Motors. In this interview, our students got chance to get selected for Atul Motors as Customer Care Executives &amp; Marketing Executives. Fortunately, our <u>two students</u>, out of 9 students, had successfully cleared the interview and got the job.</p> <p>→ No. of Candidates Presented at Interview : 9</p> <p>→ Number of Candidates got job : 2</p>

12	We have also organized an Expert Talk on the topic ' <u>Future in Tele-communication</u> '. The seminar was headed by the Zonal Head of Videocon Telecommunication. They have made the seminar very interactive and they have also distributed free gifts to some of the talented students of our college.

## **8. Plans of institution for next year (2015-16)**

As a lead college of the district, the institution is always prepared to undertake new academic programmes to meet the needs of the present and face the challenges of the future. At the same time, we also believe in ensuring consolidation of the programmes already initiated. The following programmes have been chalked out for the next academic year:

- To make efforts to initiate Masters programmes in Economics, Sociology, Hindi, Sanskrit, Gujarati, Home Science, Social Work, M.B.A. and M.C.A.
- To initiate University recognized undergraduate course in Food Technology as well as B.A. in Psychology.
- To continue with the short term courses already initiated.
- To make sincere efforts to organize more and more campus interviews for placement.
- To continue efforts for collaboration with NGOs.
- To upgrade the infrastructure of the college by setting up a new multipurpose stadium for sports and extracurricular activities.
- To continue with all Career Oriented Programmes (COPs) inclusive of Translation Proficiency Course (English Medium Commerce), Food and Nutrition Course and Human Rights Education and Vedic Mathematics.
- To continue publishing research journal **Khoj**, College Magazine **Sangath**, and bi-monthly newsletter **Jyotirgamaya** and organizing seminars for students as well as professors
- To initiate training and guidance classes for competitive examinations such as U.P.S.C., G.P.S.C., etc.
- To continue state government initiated S.C.O.P.E. programme to enhance the English language proficiency of the students and to optimally utilize both the Digital language Laboratories.
- To continue organising and conducting the S.C.O.P.E. exam of the whole Porbandar district. (During the previous academic year our S.C.O.P.E. centre conducted examination of approximately 1700 students.)
- To continue with the meaningful contribution of all the HODs in the Board of studies and the professors in formulating question banks.
